

# Hong Kong Green Organisation Certification

10/09/2019  

## Summary

Beyond our commitment to integrating ESG factors into all investment decisions and asset classes, AllianzGI also recognises the importance of preserving the natural environment in order to create a sustainable society for our future generation.

Since it was established mid last year, our eco-friendly working group has been finding ways to raise awareness on environmental protection among our colleagues in the Asia-Pacific region and create a greener and more sustainable work environment for our people to thrive in.

Our Hong Kong office was awarded the "Hong Kong Green Organisation Certification (HKGOC) – Wastewise Certificate" and "- Energywise Certificate" this year in recognition of our active participation in adopting various environmental practices and promoting a green workplace.

HKGOC is led by the Environmental Campaign Committee alongside the Environmental Protection Department. The programme aims to set benchmark for companies in their green commitment and encourage environmental practices in workplace.

"Looking ahead, our ultimate goal is to be certified as Hong Kong Green Organisation. We will continue to look into ways to sustain our business operations with green practices which would take a concerted effort from everyone for this to succeed," said Ernice Ip, who leads the regional implementation of eco-friendly initiatives.
